I loved the experience I had in Dusseldorf. Meeting the students and teachers from Lore Lorentz Schule has improved both organizations worldwide connections and created some new friendships. My favourite part of the cultural exchange was visiting the German sports facilities including the Esprit arena and the Bonn basketball game.

I have had a fantastic time in Germany. It was great to visit the Lore Lorentz Schule, meet the students and learn about the German education system, culture and differences in sport and lifestyle. I feel I have made new friends and created some international contacts. German cities are very beautiful; I have enjoyed walking around the different cities we have visited and viewing the cultural sites and buildings. Thank you very much for letting us visit.

Germany is a wonderful country that I have enjoyed visiting and I feel I would love to return. The hospitality has been superb and everyone has been more than welcoming. It has been a pleasure to see the German culture and also experience the passion for sport. It was nice to visit a German school, experience the way students learn which has opened my eyes to the different ways of learning between Scotland and Germany. Sometimes in life there are experiences that are once in a lifetime and I feel this trip has been one of them. Thank you for the experience and in the future I hope teachers and students from the Lore Lorentz Schule will come and visit Glasgow.

My time in Germany was a great experience of a great culture that I had never experienced before. Meeting new people, friends, students all had a part of making the trip worthwhile. The pupils from Lore-Lorentz Schule were very friendly and helpful about teaching us about German education. My favourite part of the trip was going to the BBL playoff Basketball game in Bonn. The atmosphere was like nothing I had seen before and the game was very competitive, going right down to the last shot. Overall, my time in Germany was amazing and I would love to return in the future. Kieran Lynch - Glasgow Caledonian University

Our visit to Germany has been a very inspirational and exciting experience, from which I will take many fond memories. I particularly enjoyed participating within the classes and playing sports at Lore – Lorentz school and was very impressed with the sporting facilities here. It was also a great experience to visit Düsseldorf's Esprit Arena and to watch the Basketball game between Telekom Baskets Bonn and Brose Baskets. I feel that we have made great contacts and new friends throughout our visit in Germany and I have thoroughly enjoyed my time here.

Hello Everyone,

I am Margaret and I am a Polish student at the postgraduate level at Glasgow Caledonian University in Scotland. I would like to thank for the amazing hospitality and friendliness I have experienced in Germany. The 10-days trip has been an unique experience and I would recommend everyone to take part in similar cultural exchange. Everything was fabulous and my whole visit has been absolutely amazing. Apart from exploring a new culture and improving my rusty German, I met incredible people and made friends and built international connections which I hope to use in the future. Sightseeing Bonn, Koln, Düsseldorf, Dortmund, socialising with German students at BBQ and street festival in Solingen and many others things filled in our busy schedule. Especially thank you Michael and Andy for taking care of us and all the support during our stay and the Lore-Lorents School for offering the school's facilities to us. As I am a passionate traveller, I would like to share with everyone my two favourite quotations which inspires me in my life. Good luck and all the best to everyone!
